

## Directions to Our Office

### From the North / Bergerac

Take the D933 heading south, direction Mont de Marsan that leaves the southern ring road at the roundabout known as the 'Mercedes Garage Roundabout' for obvious reasons. After 20kms you will enter the town of Eymet.

### From Eymet

Head into Eymet, and midway along the 'Boulevard', and opposite Credit Agricole Bank on the RHS, take the D18 off to the left towards Lauzun and Serres-et-Montguyard. Take this, and follow it sharply round to the left after 150m or so. to see the pitched roofs of Lacnaud set back on the left. The driveway is 100m or so long, straight and is partly tree-lined having taken a beating in the storm of Feb '09!

(NB If on the crest of the hill there is no barn but a large pile of stones – you are in the right place – it's just these details are a little out of date)!
